**Danny Aiello**

This music had *heart, soul, purity and a sound...oh the sound...*tunes that made you want to dance...harmonies that made you high...lyrics that once in a while, even made you cry.

**Ray D’Ariano**

Being a teenager on an avenue in the Bronx back in the ‘50s and early ‘60s was unlike being a kid anywhere else in the universe. There was a magic in the air that blended right in with the sweet aroma of Mama’s cooking. It was the liberating sound of doo-wop and rock and roll.

With superlative vocals and musicianship, dynamic enthusiasm and a genuine love of the music they perform, The Bronx Wanderers recreate the magic of the era and build an energetic bond with their audience, guaranteeing an evening of toe-tapping, hand-clapping and dancing in the aisles all night long. Bring to your audience the show that tells the stories and plays the music that will take you as close as you can get to having lived the actual experience.
